Periodically, certain of our executive officers adopt written stock trading plans in accordance with Rule 10b5-1 under the Securities Exchange Act of 1934, as amended, and the Boston Scientific Corporation Stock Trading Policy. A Rule 10b5-1 Trading Plan is a written document that pre-establishes the amount, prices and dates, or formulas for determining the amounts, prices and dates, of future purchases or sales of our stock, including shares issued upon exercise of stock options or vesting of deferred stock units, service-based restricted stock units (“RSUs”) or performance-based restricted stock units (“PSUs”). These plans are entered into at a time when the person is not in possession of material non-public information about the Company. Any transaction under these plans will be disclosed publicly through appropriate filings with the Securities and Exchange Commission.
